2024 – 2025 Annual Impact Report

Hello humankindness®

CommonSpirit's mission, vision and values inform every aspect of our work each day, and remind us that we serve our patients, their families, our communities – and also each other.

Our mission

As a part of CommonSpirit Health, we make the healing presence of God known in our world by improving the health of the people we serve, especially those who are vulnerable, while we advance social justice for all.

Our vision

A healthier future for all, inspired by faith, driven by innovation and powered by our humanity.

Our values

Compassion

Care with listening, empathy and love.

Accompany and comfort those in need of healing.

Inclusion

Celebrate each person's gifts and voice.

Respect the dignity of all.

Integrity

Inspire trust through honesty.

Demonstrate courage in the face of inequity.

Excellence

Serve with fullest passion, creativity and stewardship.

Exceed expectations of others and ourselves.

Collaboration

Commit to the power of working together.

Build and nurture meaningful relationships.

A message from leadership

Dear Friends,

Every day at St. John's Hospitals, hope meets healing, and behind each moment of care is someone like you who made it possible. The annual impact report offers us a meaningful opportunity to pause, reflect, and share our gratitude for the extraordinary generosity of our community. It is also a time to celebrate the many ways your support has shaped the lives of patients and families across Ventura County.

For 113 years, St. John's Regional Medical Center has provided exceptional health care to our community, joined over the last 50 years by St. John's Hospital Camarillo. Together, our hospitals have cared for generations of patients whose lives have been touched by our mission. These accomplishments are possible because of you, whose support and compassion inspire everything we do.

This past year, the generosity of more than 590 donors helped raise \$1,730,000 to strengthen every corner of our hospitals. You helped bring advanced cardiac technology with the Mobile EP system, expand comprehensive cancer services, sustain vital food and basic needs programs, and enhance women and infant health in Labor & Delivery. You supported educational initiatives, relocated and expanded infusion centers, and advanced our capabilities in robotics and medical imaging. Because of your commitment, a local mother received life-saving cardiac care close to home, and a cancer patient found the support she needed to face treatment with strength and dignity.

These achievements now benefit patients throughout Ventura County, including rural and underinsured populations who face significant barriers to care. Thanks to your partnership, St. John's Hospitals continue to provide not only advanced medicine, but also the human connection, compassion, and community outreach that are the heart of our mission. Our work is far from finished. Together we will continue making a meaningful difference in the lives of those we serve.

Your belief in our mission and your commitment to our community make every success in this report possible. Thank you for being a part of the St. John's Hospitals family.

Giving by the numbers

\$1,730,000

Total dollars raised in FY2025

This year, our donors came together to realize the power of generosity and gratitude in our community. The results have been inspiring.

\$ 825,000 | 2024
\$ 1,171,000 | 2023
\$ 746,000 | 2022
\$ 1,377,000 | 2021

\$1,925,00

Transfers to hospital in FY2025

Transfers made by the St. John's Healthcare Foundation to St. John's Hospitals show collaboration as monies are transferred only after the obligations of donor intent has been met.

\$ 2,400,000 | 2024
\$ 1,171,000 | 2023
\$ 2,784,000 | 2022
\$ 6,985,000 | 2021

590

Total donors in FY2025

Donors bolster innovation, bring together our community and serve the vulnerable. Together we accomplish what none of us could do alone.

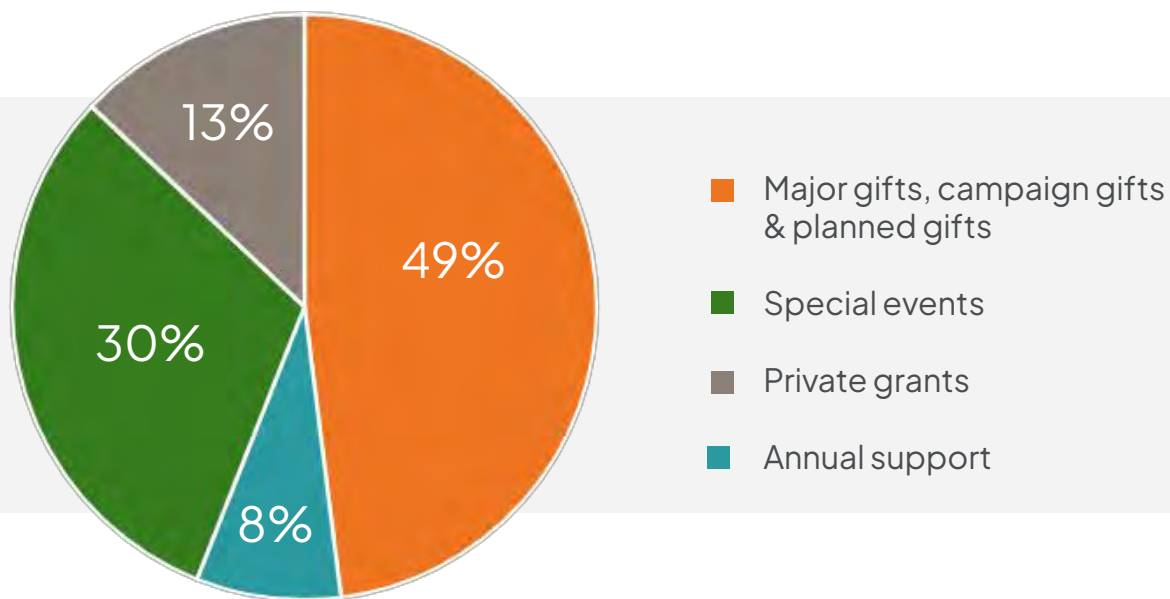

350 | 2024
298 | 2023
383 | 2022
708 | 2021

Together
we heal.

How funds are raised

At St. John's Healthcare Foundation a diverse group of donors supports our ministry through a variety of ways—annual donations, grants, planned and estate gifts, and attending events — we, and the patients we serve, are forever grateful.

Donations, both large and small, enable the foundation to provide cutting-edge technology, build and support health education and community outreach programs, and support those who cannot afford the costs of health care.

What does it mean to be nonprofit?

St. John's Healthcare Foundation is a mission driven organization that exists to improve the health of everyone in our community. Philanthropy is an important way to connect those with resources to those in need, offering an opportunity to express gratitude for the expertise, care, and kindness experienced throughout our ministry. Together, we continue to advocate for those who are poor and vulnerable, and innovate how and where healing can happen — both inside our hospitals and out in our communities.

100% of your donations benefit the cause.

Thanks to an operating grant from St. John's Hospitals, 100% of your gift to St. John's Healthcare Foundation is directed to your chosen designation. Your generosity and expressions of gratitude — individually and collectively — enable us to envision and achieve the remarkable. Thank you for working with us, connecting your purpose and passion with our mission to build more resilient communities.

15th Annual St. John's Breast Symposium

On October 19, 2024, St. John's proudly hosted the 15th Annual Breast Symposium: Tomorrow's Breast Care Today, presented by St. John's Integrated Breast Center. This free event welcomed more than 300 patients, survivors, caregivers, and community members, providing invaluable education on breast health, screening, prevention, nutrition, and personalized treatment options.

Attendees enjoyed two dynamic expert panels with Q&A sessions, catered breakfast and lunch, local vendor exhibits, complimentary chair massages, bone density screenings, and more.

The symposium featured presentations from leading physicians and specialists across radiology, surgery, oncology, gynecology, pathology, nutrition, and nursing, blending advanced medical expertise with compassionate, patient-centered care.

We extend our heartfelt gratitude to our generous sponsors: Victoria M. O'Connor Charitable Fund for Academic Excellence & Compassionate Care, Radiation Oncology Centers of Ventura County, American Society of Plastic Surgeons, The Port of Hueneme, and Ambry Genetics.

Join us at our next symposium in 2025 on September 6.

Their support ensures this important event remains free and accessible to all. We also thank our dedicated speakers for sharing their expertise and our exceptional Integrated Breast Center staff for their tireless efforts in making this event a success.

In addition to hosting this annual symposium, the Integrated Breast Center offers a wide range of complimentary support services for patients and families, including oncology nurse navigation, nutrition counseling, emotional counseling, wellness programs, wigs and prosthesis, and access to the Cancer Resource Center, among many others. These resources help patients navigate their journey with knowledge, compassion, and the support of a skilled multidisciplinary team.

Advancing Cardiac Care with the EP-Tracer Mobile System

We are proud to announce a major enhancement to our Electrophysiology (EP) services with the acquisition of the EP-Tracer mobile recording and mapping system. Under the leadership of Dr. Ali Sovari and our skilled EP team, this innovative technology was recently used to perform one of the first cases at St. John's, marking a new chapter in how we deliver heart rhythm care.

The portable EP-Tracer system offers exceptional flexibility, enabling complex cardiac procedures to be conducted efficiently across multiple lab spaces. This advancement not only improves workflow and resource use but also expands patient access to cutting-edge electrophysiology care. With this addition, St. John's reinforces its commitment to providing the highest quality cardiovascular treatment for our community, ensuring patients benefit from the latest technology close to home.

Raising \$525,000 for Cancer Services

On May 3, 2025, St. John's Healthcare Foundation welcomed supporters to the return of its signature gala, "Adventure" Through the Emerald Isle. The evening brought together an extraordinary community of friends, donors, and hospital leaders in celebration of compassion, commitment, and the power of collective generosity.

Event Co-Chairs, Emma Montes and Katie Waunch, led guests to an evening of enjoyment with a program that blended heartfelt tributes with engaging entertainment. **Dr. Jeffery Davies and Joyce Resnik** were presented with the Catherine McAuley Achievement Award as two remarkable honorees. Both have made lasting contributions to the health and well-being of Ventura County, embodying the mission and values of the Sisters of Mercy.

2025 ADVENTURE

Thank you to our sponsors!

EMERALD PRESENTING SPONSOR  At the heart of better care.	
CELTIC SPONSOR  COSE MEDSTAFF	DUBLIN SPONSOR  MEISSNER

From the surprise harmonies of The Singing Waiters to traditional Irish melodies performed live, each moment added to the atmosphere of celebration and connection. Guided by the warmth and wit of master of ceremonies Andrew Firestone, the evening left guests inspired and united in purpose — raising funds to support cancer services for patients across Ventura County.

Thanks to the generosity of sponsors, guests, and supporters, the event raised more than **\$525,000** in support of St. John's cancer services. These funds will help ensure that patients across our community have access to advanced treatments, cutting-edge technology, and the compassionate care they deserve.

We are deeply grateful to everyone who made Adventure Through the Emerald Isle a success. Your commitment strengthens our mission, sustains vital programs, and affirms that together, we can make a lasting difference in the lives of those we serve.

Benefiting St. John's Cancer Services

St. John's Hospitals' Cancer Services have expanded throughout Ventura County:

- Hematology–Oncology, General Surgery
- Cancer Resource Center and Integrated Breast Center
- Infusion Centers—Camarillo, Oxnard, Ventura
- Radiation Oncology

St. John's Cancer Center:

Discover the latest in breast health, including screening, prevention, nutrition, and personalized treatment options that blend advanced technology with heartfelt human care.

All services provided by our Cancer Center are free:

- St. John's Regional Medical Center in Oxnard, 855-768-0267
- St. John's Hospital Camarillo, 855-374-9723

2025 ADVENTURE

Thank you for joining the Adventure!

2025 ADVENTURE

Thank you for joining the Adventure!

Celebrating 50 Years of St. John's Hospital Camarillo

This year we celebrated the 50th anniversary of St. John's Hospital Camarillo. The celebration brought together caregivers, community members, and leaders in gratitude for all who have shaped our hospital's legacy. Outback Steakhouse of Oxnard generously provided lunch for our employees.

We were honored to welcome Archbishop José H. Gomez, who joined us to commence the occasion with a blessing that acknowledged both our history and our future.

From the opening of the hospital doors in 1974 and merging with St. John's in 1993, St. John's Camarillo has grown to meet the needs of our region with programs in cardiology, cancer care, emergency medicine, rehabilitation, and more. We remain committed to expanding services, enhancing technology, and ensuring that Ventura County families continue to have access to high-quality care without leaving the community they call home. We look forward to the next 50 years of service in Camarillo.

A Heart for Comfort: Emergency Department Ambassadors

In the middle of the fast-paced, high-stakes environment of the Emergency Department at St. John's Hospital Camarillo, there is a quiet source of calm and compassion: the Emergency Department Ambassador team. These volunteers ensure that no patient feels alone during what can be one of the most stressful moments of their life.

The program began in 2016, when longtime volunteer and hospital supporter Joseph ("Joe") Muklevicz, inspired by the vision of Medical Director Dr. Jeffery Davies, recognized the difference a simple act of presence could make.

What started with one person offering to observe quickly grew into a team of volunteers dedicated to listening, reassuring, and bringing comfort alongside the medical care patients receive.

Drawing on his organizational background, Joe welcomed and led others who shared his belief in the power of human connection, growing the team to 22 volunteer Ambassadors before the pandemic temporarily paused their service.

When the program restarted last year, Ambassadors were eager to return. Today, they can be found helping families find their way, reading with children, or simply sitting with someone who needs company.

The hospital's mission to provide compassionate, patient-centered care is at the heart of the program. While physicians and nurses focus on medical treatment, Ambassadors meet a different, equally important need by easing anxiety, lifting spirits, and ensuring that no one faces a difficult moment alone.

The dedication of the volunteer Ambassadors continues to enrich the experience of patients, families, and the culture of the Emergency Department itself.

As a reflection of the Muklevicz family's long history of supporting the hospital and community, a room in St. John's Hospital Camarillo has been named in memory of Joe's late wife, a tribute to the love and kindness that continues to inspire.

For Joe and the other Ambassadors, the experience of volunteering is deeply meaningful. Joe often shares that volunteering has shown him how much of a difference even the smallest act can make. For those with a warm heart and a willingness to give their time, the experience is impactful and rewarding.

We are thankful for Joe's leadership and the generosity of every Emergency Department Ambassador who chooses to spend their time bringing comfort to community members in need. Their presence turns anxious moments into ones of connection and reassurance, and their kindness is felt long after patients leave our care.

"Our primary goal is to try to make the patient more relaxed and comfortable"

– Joe

Turning Loss Into Motion: A Gift That Keeps Patients Moving

At our Outpatient Therapy Center in Oxnard, every step toward recovery matters. Every turn of the pedal does, too.

Thanks to the generosity of one grateful former patient and the compassion of a new board member, our rehabilitation team recently welcomed a StepOne Recumbent Stepper to the center. It's even more than therapeutic equipment; it is a symbol of love, community, and the power of collective giving.

Tom came to us for outpatient rehab after an illness that temporarily set him back. Through hard work and the support of our dedicated team, he regained strength and mobility. Not long after completing therapy, Tom experienced a devastating loss with the passing of his beloved wife, Barbara. In the midst of his grief, he found a meaningful way to honor her memory: instead of flowers, he asked friends and family to donate to the therapy center that helped him heal.

The heartfelt donations poured in and quickly added up. By the end, only \$2,000 remained to reach the goal. That is when Harriet Friedman, a new member of our board and a multiple-time cancer survivor, stepped in to close the gap. Inspired by Tom's story and the difference rehab had made in his life, she made sure the bike became a reality.

With wheelchair access, step-through seating, and supportive design, the StepOne Recumbent Stepper is already transforming rehabilitation at St. John's. Patients of all abilities can use it safely.

“One of St. John’s best assets is the Acute Rehab on fourth floor. For those in need, the staff is professional and ever supportive, the equipment fits the needs of the patients. A true hidden gem of our hospital. Continued support from the Foundation will keep it as one of our top services to the community!”

– Tom

The machine is ideal for stroke, orthopedic, and neurologic patients with muscle weakness or balance issues. It mimics natural walking and climbing, helping patients rebuild strength, coordination, and balance for daily activities. For stroke patients, independent arm and leg movement allow for targeted training. For those with mobility challenges, it provides safe, seated cardiovascular exercise to improve endurance, circulation, and heart health.

A single stepper now stands as a testament to love, resilience, and a community that cares.

Generosity from the St. John's Hospital Camarillo Auxiliary

Laughter and conversation filled the Las Posas Country Club on June 20, 2025, as Auxiliary members, hospital staff, and friends came together for the Annual Luncheon and Business Meeting. This beloved tradition blends fellowship with purpose, offering a chance to reflect on the year's work and set the stage for what's ahead.

Members approved the FY 2025–2026 budget, adopted key bylaw updates, and installed the newly elected Board of Directors.

In a moment that drew warm applause, the Auxiliary presented a \$30,000 gift to the Foundation to purchase two EKG machines for the Emergency Room, equipment that will help deliver faster diagnoses and better care to patients in urgent need.

The Gift Basket raffle added an extra layer of fun and generosity, raising \$1,250, its most successful total in recent memory. From start to finish, the luncheon showcased the heart of the Auxiliary, a group whose dedication turns good intentions into tangible impact for St. John's Hospitals.

2024 Polo Match

On August 30, 2024, the Santa Barbara Polo & Racquet Club welcomed the St. John's Healthcare Foundation Board for an afternoon of camaraderie and celebration. Sponsored by F&M Bank, the gathering welcomed new board member Lindsey Carnett, other members of our Foundation Board and hospital leadership, and honored the 2025 Adventure gala honorees, Joyce Resnik and Dr. Jeffery Davies.

The Sisters of Mercy were represented by Sister Suzanne Krawczyk and Sister Suzanne Soppe, whose presence reflected the mission and values that guide our work. Guests toured the historic club before enjoying the final polo tournament of the season, with stomping the divots proving a crowd favorite.

Our gratitude goes to F&M Bank, the Santa Barbara Polo & Racquet Club, and all who joined us for this wonderful event. Your friendship and support embody the spirit of partnership that strengthens St. John's Hospitals and helps ensure the best care for our shared community.

Employee Auto Show

Oct 9, 2024

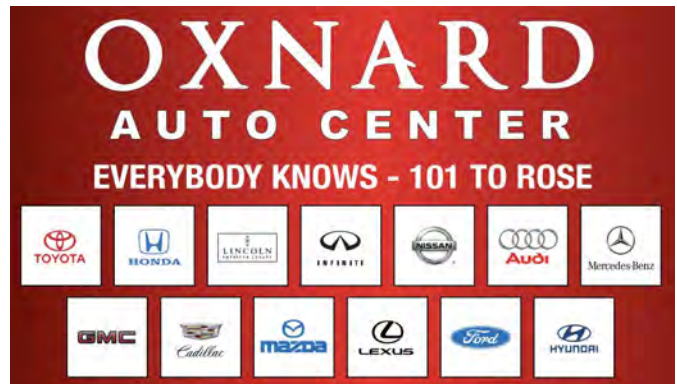

VENTURA
COUNTY
CREDIT UNION

Last year's Employee Auto Show was once again made possible by the generosity of Oxnard Auto Center dealers, who invited St. John's employees to enjoy a showcase of new automobiles at St. John's Regional Medical Center's campus. More than 600 employees took part in this special event, a tradition the Oxnard Auto Center has graciously hosted to our staff for over a decade. Each year, the Auto Center not only brings vehicles for staff to enjoy but also generously gives back through annual donations. In FY25, their \$5,000 gift supported Cancer Services, continuing their meaningful impact on the health of our community.

We were deeply grateful to welcome Ventura County Credit Union (VCCU), who generously sponsored lunch for all St. John's employees. Their sponsorship made this event feel like a true celebration of our team and marks the beginning of what we hope will be a long and meaningful partnership. VCCU's support, along with the lunches prepared by Chick-fil-A Oxnard, helped bring this special gathering to life.

Our heartfelt thanks go to Oxnard Auto Center, Ventura County Credit Union, Chick-fil-A Oxnard, and all who helped make this Auto Show possible. Together, you created a memorable moment of appreciation for the people who care for our community every day.

Exploring Tomorrow's Healers: A Hospital Adventure Day

Girl Scouts of CA visit St. John's

In April, St. John's partnered with the Girl Scouts of California's Central Coast to host Hospital Adventure Day, a special STEM event designed to spark interest in healthcare careers. The program introduced participants to the many skills and disciplines that come together in a hospital environment.

Girls rotated through interactive learning stations led by first responders and hospital teams from radiology, physical therapy, dietary services, nursing, surgery, and the laboratory. Each station offered hands-on activities that built confidence, encouraged teamwork, and introduced real-world applications of science and medicine.

Throughout the day, the Girl Scouts learned how healthcare professionals make a difference in the lives of patients and families. Many left with a new sense of possibility, inspired to imagine themselves in nursing, medicine, therapy, and other fields that shape healthier communities.

We are grateful to the Girl Scouts of California's Central Coast for bringing their energy, curiosity, and enthusiasm to St. John's. Their visit was a reminder of the importance of encouraging young people to explore healthcare as a calling, and we were honored to spend the day with them, celebrating the spirit of service we share.

Humanitarians

Established in 1952 by a dedicated group of physicians, civic leaders, and businesspeople, the **Humanitarian Gift Society** carries forward a legacy of local leadership and generosity that ensures the availability of high-quality healthcare in our community.

Every year, Humanitarians give unrestricted gifts of \$1,000 or more to support St. John's mission. These gifts allow us to respond swiftly to emerging needs, strengthen essential services, and uphold our standard of care. Membership tiers include Humanitarian, Bronze, Silver, Gold, and Platinum levels, with each offering recognition in Foundation publications, inclusion in honor rolls, donor wall recognition at both hospital campuses, and invitations to exclusive events throughout the year.

Pictured
Back Row Standing: Richard Reynolds, MD, Leo McGrath; Earney Thompson; James Reardon & W.C. Huff, MD; *Second Row Seated:* Barney Donlon; J.R. Monahan, MD; Henry Borchard; W.C. Herfurth; Ben Laubacher and Manuel Trevino *Front Row Kneeling:* John Maulhardt; Albert Peukert; and John Borchard

We extend our sincere gratitude to our current Humanitarians, whose generosity makes this vital work possible.

A Tradition of Generosity, A Future of Health

- **Built on generosity, sustained by connection.** For more than seven decades, this society of committed individuals and businesses has played a pivotal role in advancing the mission of St. John's and the legacy of the Sisters of Mercy.
- **Unrestricted giving, unmatched flexibility.** Donations are put to work wherever the need is greatest, whether it is new medical equipment, community outreach, or supporting our compassionate care programs.
- **Community through celebration.** Humanitarians are not just donors, they are part of a community. They are honored at annual receptions and events that foster fellowship, gratitude, and stewardship.

Join Us in Making a Difference – Become a Humanitarian

Your annual gift in support of our Humanitarian Gift Society is not just a donation. It is an ongoing commitment to keeping compassionate, high-quality healthcare within reach for everyone in Ventura County. Humanitarian Levels are:

Platinum \$25,000 | Gold \$10,000 | Silver \$5,000 | Bronze \$2,500 | Humanitarian \$1,000

To join or renew your membership, contact our Foundation team today at (805) 988-2868 or visit: www.supportstjohns.org/humanitarians

Leave A Legacy Through A Planned Gift

Join the Frontier Society

More than a century ago, the Sisters of Mercy brought compassionate care to Ventura County, laying the foundation for the hospitals we know today. That pioneering spirit continues through the Frontier Society — a special group of supporters who have included St. John's Healthcare Foundation in their estate plans.

By making a planned gift, such as a bequest in your will, a retirement plan designation, or a gift of life insurance, you can create your own legacy of healing. Your generosity ensures that the Sisters' commitment to medical excellence and compassion will endure for generations to come.

Benefits of Membership

- Leave a lasting impact on the health of our community
- Support St. John's Hospitals without affecting your cash flow today
- Gain potential tax advantages while providing for loved ones

Your Legacy Matters

Every planned gift — no matter the size — strengthens the future of care for patients and families across Ventura County.

Ways to Leave a Legacy

- Bequest in your will or trust
- Retirement account or life insurance designation
- Gift of real estate or securities

For more information about the Frontier Society and how to include St. John's in your plans, please contact:

Heather Huffman

St. John's Healthcare Foundation
(805) 988-2635

Heather.Huffman900@CommonSpirit.org

Join our volunteer program

Become a hospital volunteer

Volunteers at St. John's Regional Medical Center and St. John's Hospital Camarillo are the heart of our hospitals. Our Volunteers share a common spirit, a desire to use their life experiences, education and concern for others to support our patients, visitors and staff and contribute toward the smooth operation of many hospital departments or programs.

Volunteers are asked to commit to a weekly, bi-weekly, or monthly schedule. Adult community members, college students, high school and vocational education students are welcome to apply throughout the year. Minimum age 16 years old.

Please contact Stephanie Garofalo, Manager of Volunteer Services, via phone at (805) 988-2627 or email stephanie.garofalo@commonspirit.org

At St. John's Hospital Camarillo, join our team of dedicated Emergency Department Ambassadors and help bring comfort and care to patients and their families. The schedule is flexible, and our patients and staff will be grateful for your presence.

If interested, please contact Joe Muklevicz at 818.914.1452 or email at jamaviation@gmail.com
