

Personalized Pavers

Naming Opportunity \$1,000

Names are set in stone along the healing pathway with natural stone materials to endure nature's changing seasons. These precast pavers are a wonderful way to express a personalized and unique message.

Since its founding almost 100 years ago – and beginning with the Sisters of Mercy who envisioned healthcare in Ventura County and brought that dream to life – St. John's has benefited from the extraordinary generosity of philanthropists, many of whose names remain permanently connected to the hospital.
