Giving Opportunities:

PLEDGE

If your gift is between \$1,000 and \$5,000, monthly arrangements may be made payable within a 2 year period. For gifts between \$5,001 and \$50,000, annual installments may be made payable within a 3 year period. For gifts above \$50,000, annual installments may be made payable within a 5 year period.

PAYROLL DEDUCTION

St. John's employees can take advantage of this convenient payment option by automatically having their gift or pledge deducted from their paycheck.

GIFTS OF STOCK

Next to cash gifts, this is the most widely used gift vehicle. There are great tax benefits to giving highly appreciated securities. You may reduce or avoid capital gains when you donate these to the campaign.

REAL ESTATE AND PERSONAL PROPERTY

Easily liquidated real estate and other forms of property are a frequently overlooked but viable way to support St. John's Hospitals. Giving property that has appreciated can be advantageous to the donor from a tax perspective.
