## Help Make a Difference.

For the past century, St. John's Hospitals have maintained an unwavering commitment to provide exceptional treatment for each person who comes to us for care.

As not-for-profit hospitals, in addition to recognizing your chosen caregiver, your gift will support the lifesaving work of St. John's Regional Medical Center and St. John's Pleasant Valley Hospital.

If someone made a difference during your time with us, please consider honoring that physician, nurse, volunteer or other caregiver. Your caregiver receives a special card commemorating his or her selection, and a custom-crafted Guardian Angel pin to proudly wear as a visible and valued affirmation of caring dedication to the work that touches so many lives in our community.

Caregivers help patients  
get back to the  
pleasures of life.

St. John's Healthcare Foundation  
1600 North Rose Avenue  
Oxnard, California 93030

Recognize an extraordinary  
caregiver today.
